Interim & Contract Recruitment Solutions

We have a highly skilled team of experienced consultants who specialise in providing fast and effective Interim and Contract recruitment solutions for a range of positions across the Property market.

We have built a strong database of candidates who specialise in working within the contract/interim market, many of whom have worked for us for a number of years. We are therefore able to validate the candidates working credentials.

Our pre-screened candidates are fully compliant and able to fulfil assignments from Surveyor to Director level. These very capable and high performing individuals come with a wealth of experience which can bring immediate expertise to your firm and projects.

We ensure we get to know the candidate, their experience, motivations and where they can add real value, quickly and efficiently.

We are able to offer flexible arrangements, whereby candidates can be placed on either daily or hourly rates to suit your specific project needs.

Beach Baker provide solutions to cover a range of recruitment needs, which may be for specific roles and circumstances or to run alongside permanent recruitment campaigns, and include:

- Maternity Cover
- Sickness
- When someone has left the organisation suddenly
- Project specific cover
- Time specific contracts
- Permanent Head-Count freeze

We can fulfil short term and longer term rolling contracts, in addition to fixed term and contract to permanent placements.

Coming in on an existing project can be advantageous as an interim candidate can add value to the project immediately and will have a broad range of experience which will help with performance and output of the assignment.

Our contractors have their own limited company or use the umbrella company we partner with and our fully trained accounts team are available to handle all administration and payroll matters.
