Programme & Project Management

Beach Baker Recruitment understand the importance of getting the very best talent in order for our clients to successfully deliver to their internal and external customers. In order to meet the demands of our clients specific needs we can offer permanent, interim or contract candidates.

Beach Baker's Programme & Project Management team have experience in both IT, Business Change and Transformation. Our focus is on helping clients secure the very best resources to ensure successful programme delivery.

We understand how important it is to get it right first time. By taking time to understand the brief, the culture and the delivery impact, we are able to shortlist the very best candidates available on the market.

Beach Baker have vast experience in recruiting for some of the UK's leading companies and has leveraged this experience to provide both candidates and clients a chance to work with the best.

Programme and Project delivery is crucial for organisations to grow and in turn attract and retain their most important asset, their people. We want to know the pain points and challenges so we can offer the best solution, not just for the here and now but for the longevity of the programme/project.

Our team covers the following roles which include but not limited to:

- Business Analysts
- Project Managers
- Programme Managers
- Change Manager
- Training & Change Manager
- Head of IT
- Programme Directors
- Programme Management Office
- Project Support & Coordination
- Data/Business Intelligence

Client Testimonials...

"I would recommend anyone who is seeking another opportunity and/or challenge to liaise with Marie, who has an immense ability to find you that 'right job'. I found her very supportive from ensuring that my CV read well to interview preparation. Always, finding that extra something in you, that you perhaps forgot yourself. Equally, I would recommend anyone who is looking to recruit either a junior or senior role, as the candidates recommended are well vetted not only from the capability aspect but also from whether the candidate is a good organisational fit. I have found her extremely professional in all areas and found her people management skills, second to none."

Head of Technology Projects, British Red Cross

"Working with Marie is exactly how it should be; approachable and helpful but also direct and honest. Marie makes things happen easily which is a very valuable skill."

Programme Manager, Sony Computer Entertainment Europe

"After struggling to find high calibre candidates, we worked with Marie to help us find Continuous Improvement Facilitators. After discussing the brief, Marie shortlisted some really good candidates and of the 3 presented to us we recruited 2, both of whom are performing well and are a great cultural fit. We found the process efficient and as pain free as recruitment can be!"

Head of Continuous Improvement, RNLI

"Marie provided me with a smooth and professional service. She introduced me to prestigious employers enabling me to increase my salary and pursue my corporate goals. Everything from meetings to suit my schedule to researching the background to my interviews was handled with efficiency and charm. Within a matter of weeks Marie had placed me in the perfect role. I have no reservation recommending this outstanding service."

Continuous Improvement Facilitator, RNLI
