

Planning Hot Jobs

Job Title: **Planner / Senior Planner**
Location: **Northampton**
Reference Number: **KL/885739**

A local reputable planning consultancy has retained Beach Baker in their search for a Planner / Senior Planner for their Midlands office, as part of their structured growth strategy due to an increase in work.

We are looking for someone who has either recently qualified MRTPI or is a licentiate member on the cusp of submitting their log book. Most importantly we are looking for people with good commercial acumen, so ideally candidates will have come from another private consultancy, although we will consider those from a local authority or developer background at the same level.

Job Title: **Senior Planner/Associate**
Location: **Birmingham**
Reference Number: **KL/885778**

A local independent pure planning consultancy has retained Beach Baker in their search for a Senior / Associate level Planner to join their closely knit team in Birmingham's city centre.

Should you wish to apply you must be fully MRTPI qualified with a good number of years of experience under your belt operating at a principal level. We will consider those who are Senior Planners looking to make a step up in their careers and are on the cusp of becoming an associate. Those looking to apply will ideally have some work and contacts that they can bring with them as well as a keen desire to engage in business development and networking in order to expand your contact and client base. Ideally people looking to make this move will have attained the majority of their experience within the consultancy environment.

Job Title: **Town Planner**
Location: **Birmingham**
Reference Number: **KL/885712**

An established and award winning Planning consultancy based in the centre of Birmingham has instructed Beach Baker in its search for a Planner or Senior Planner.

With an enviable list of clients, you will get the chance to work on some interesting and exciting developments across sectors including residential, mixed use, and commercial, so experience in those areas would be of great benefit towards your application. You will also ideally have experience working in a consultancy environment, although if you have worked within a local authority or developer in the same position will also be considered just as long as you have a commercial mindset. You will also need to be fully MRTPI or at least 18 months into your licentiate membership with an aim to complete your qualification asap.
